### **The following diversity statement has been shared with employers regarding expectations for CoE events:**

*Diversity broadens our perspectives and paves the way for innovation. Our community includes people from different races and ethnicities, genders and gender identities, sexual orientations, ages and socio-economic backgrounds. We speak different languages, come from different cultures and countries, and practice different religions. We have different abilities and disabilities, different political perspectives, and different life experiences.*

*We're committed to ensuring all members of our community have the opportunity to participate fully without worrying about facing bias, harassment, or discrimination. As you engage with candidates, we ask that you join us by creating welcoming environments during your interactions.
