Company Presentations

Within the College of Engineering, technical talks and information sessions are hosted by our engineering student organizations. Student organizations can also be a valuable resource for advertising job opportunities and developing your campus brand. A list of student organizations that have expressed interest in partnering with industry to arrange on-campus events is available at https://career.engin.umich.edu/studentorganizations/.

If you are interested in hosting an info session (virtual or in-person), we recommend you connect with a Student Organization for high visibility.
Parking and Check-In

As on many large campuses, parking is challenging and extremely limited. We strongly suggest the use of carpooling, airport/hotel shuttle and/or ride services to avoid parking challenges. The following suggestions are provided to make your visit to the University of Michigan as easy and pleasant as possible.

Visitor Parking

- Visitor parking areas are highlighted in red on the map on the next page and will have a designated number for the parking space.
- Parking spots without designated numbers within the lots represent permit parking. In these areas, display of the corresponding color-coded permit is required during enforcement hours.
- Payment of an hourly parking fee for the numbered parking space is required upon arrival during enforcement hours, which are posted at lot entrances. Fees may be paid by coin or credit card (Visa, Mastercard, American Express, or Discover).
- Failure to follow University parking policies can result in citations. The ECRC is not responsible for any parking citations, and we cannot provide assistance with resolving tickets.
- Parking spaces for persons with disabilities are available, please contact the ECRC at least one week in advance for details.
